(905) 749 – 1605 | 648 Caldwell Crescent, Milton, ON

## SKILLS

Python, Go, JavaScript, Typescript, Node, Angular, React, Express, HTML, CSS, Restful, Java, Spring Boot, SQL, DBMS, Full Stack Development, OAuth, OIDC, AWS, Azure, Agile, Scrum, Git, Code Review

## WORK HISTORY

### FRONTEND DEVELOPER INTERN, DELOITTE – 05/23 - 09/23

+ Designed and launched an **insurance pre-approval** application for **personal and commercial use**, involving end-to-end development and optimization of code.
+ Aided collaboration between **UI/UX** and developer teams to ensure adherence to **SRS** documentation.
+ Maintained brand **design standards** and enforced code style consistency, creating a repository of **reusable components** to enhance project **efficiency**.

### FULL STACK CONTRACTOR – 05/2023 - 07/23

+ Developed a full stack **ChatGPT powered** application, using integrations with **Deepgram transcription** services, and **OpenAI** apis to give real-time **meeting insights** and hierarchical task breakdowns.
+ Provided weekly **demonstrations** and **technical reviews** to company founders, created **architecture diagrams**, development roadmaps, and timelines.
+ **Led and coordinated** a team of developers, delegating tasks, providing support, conducting comprehensive code reviews, facilitating **communication,** and increasing **productivity**.

### FULL STACK DEVELOPER INTERN, DELOITTE – 05/22 - 09/22

+ Generalized a **mortgage application** to work across a variety of **retail banking use-cases**, preparing the application for **7-figure client sales pitches**.
+ Led and **managed a development team**, assigning tasks, conducting code reviews, and actively participating in bug fixing.
+ Developed integrations, including **DocuSign** and **identity verification** providers including **Verified.me**, **Onfido**, and **Gemalto**
+ Conducted meetings with **technology vendors**, assessing their offerings and **evaluating their suitability** for **platform integration**
+ Implemented a **platform-wide multi-tenant solution**, enabling **dynamic adaptation** of styles, content, and **user flows for diverse clients.**

### FULL STACK DEVELOPER INTERN, DELOITTE – 05/21 - 09/21

+ Developed a **production mortgage pre-approval** application for a **leading retail banking** provider, utilizing **AngularJS** and **Spring Boot**
+ **Designed** and developed a **custom API authorization framework** integrated with **Spring Security**, ensuring secure access control throughout the codebase
+ Developed **full-stack** features encompassing front-end and backend development, database management, and seamless **integration of external APIs.**

## EXTRACURRICULAR INVOLVEMENT

Mentor, UI/UX Designathon, McMaster Design League | Quantum Computing Cup Semi Finalist| Deloitte Campus Ambassador | Vice President Marketing, Students Advancing Brain Cancer Research

## EDUCATION

### MCMASTER UNIVERSITY, 09/20 - 05/24 (EXPECTED)

+ B.A.Sc., Honours Computer Science, Minor in Business | Presidents Scholarship
